Correct on the formatting. The City Clerk has a new online portal to upload APRs and cut email out of the process. Instead of uploading a PDF of the report you've generated, there is an entire step by step process to upload sections of information. This is why the white-page version may look a bit unusual.

Shelby:

If memory serves me...and more often than not it fails in these instances..the City wanted the report in their format not in the way the initial report was presented. Since the report was due before year end and Ellen didn't take over until 01.01.2017 I think it is appropriate for Jessica to sign the report.

Ellen..comments?

Thanks

While this is resubmittal, given the date of the letter should it have Jessica's signature or Ellen's?

SPSG Executive Committee – please find attached the updated GSP and SPII 2017 Annual Planning Reports resubmitted to the City end of last week. Kindly review by EOD tomorrow and let us know if there are any questions.

The City wanted us to follow the Management District Plans' service descriptions rather than get detail-oriented. No budget changes were made in these revisions. The white paper format is generated by the online BID portal when the reports are uploaded; the SPBID letterhead is not used in this online upload.
